Statement of the Substance of 05/05/2008 Interview

The examiner indicated in his communication of 05/12/2008 that the substance of the telephone interview of 05/05/2008 must be included in the reply to the last office action. This reply was mailed on 05/07/2008 and did not include the substance of the interview. However, the 05/07/2008 reply does include amendments to the claims to address the issues discussed in the interview. The record of the interview is hereby provided as follows:

- The Applicant conducted an interview with the Examiner on May 5, 2008.
- We reviewed the office response of 1/8/2008.
- In section 2 of the last office action my response will cite references in the written description to show where the amendments to claims 1 and 12 are described.
- Discussed changes to satisfy sections 5 and 6 of the last office action. I have amended claims 1, 12, and 14 to fix the insufficient antecedent basis in the claims. The words “the image” and “the volatile image” are replaced by “an image” and “a volatile image” the first time it is used in the claim.
- Discussed changes to satisfy section 7 of the last office action. The examiner explained that the existing claim language does not have much structure and the claim elements do not link well from previous steps. The office response submitted on 05/07/2008 includes better structure and claim elements now refer to previous steps.
- Examiner explained that I should focus on the independent claims to remove objections rather than focus on the dependent claims.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Philip Romanik". The signature is fluid and cursive, with the first name "Philip" and last name "Romanik" clearly distinguishable. It is positioned above a horizontal line.
